

Global Industrial Procurement Services

GULF INDUSTRIAL SUPPLY

DUBAI

About us

Our company Gulf Industrial Supply FZE is the Dubai branch of ENTREPOSE SERVICES, and is specialized in offering high value procurement services to the Oil & Gas sector for more than 15 years.

We belong to ENTREPOSE CONTRACTING, an EPC group specialized in the design and construction of complex projects in the oil and gas sectors in particular, and the energy and environmental sectors in general.

Our Offer

From single requests to frame agreement contracts we offer to the most important IOCs and NOCs in the energy sector a complete range of procurement services all along the supply chain.

Being focused on handling the non-strategic procurement of our oil & gas customers, we consolidate 80% of the purchase orders which represent only 20% of the procurement budget. This allows substantial savings in order processing, administrative follow-up and accounting process.

While offering you a single point of contact for your requirements, we will offer you our best possible prices and delivery time, using our international buying offices and the experience of our technical buyers in Dubai, France, South Korea, Houston, Angola, Singapore and China

Our network is registered within 5000 manufacturers / suppliers and we offer our services to more than 500 customers worldwide.

UAE (Dubai)

USA (Houston)

France (Cergy)

Singapore

South Korea (Busan)

China (Shanghai)

Angola
